**BURGESS RICE PROCLAIMS GIRL SCOUT WEEK.** With the aid of Evelyn Knapp, a Brownie from Lander; Linda Berenfield, an Intermediate from Warren; and JoAnn Thomas, a Senior Scout from

Marienville; Burgess William Rice affixed his signature to a proclamation concerning Girl Scout Week at the office of the Warren-Forest Council on Saturday, February 19. The Burgess designated that the

girls' organization should be honored in Warren with appropriate programs and ceremonies during the official Girl Scout Week, March 6 through 12.

**THE NEW APPROACH.** Representatives of Pennsylvania Electric Company unveiled their "new approach" to electrical selling before nearly fifty appliance dealers during a meeting which was held in the Carver Hotel on Monday evening. Details of a campaign designed to convince residential and commercial customers to go all electric was outlined.

The Company's literature explains as follows: "There is no question about the fact that we are moving into the age of complete electrical living. Neither is there any question about the tremendous potential market for electrical appliances and equipment which exists today and which will increase in the coming years - in homes, on farms and in commercial establishments. But an analysis of what needs to be done shows that sales methods and sales efforts of today are not adequate to capitalize fully on this unequalled opportunity. A new approach is needed... and we have that new approach".

Carefully scrutinizing a turn-over chart which explains the new effort are: Carl Crawford, Sears, Roebuck and Co.; Charles Snow-

**PRELUDE TO BROTHERHOOD WEEK.** The service which was held in the Warren synagogue to explain Judaism was certainly a fine preparation for Brotherhood Week which we are now celebrating. Photographed during the tea hour which followed the open meeting were these ladies and gentlemen who were responsible for the success of the undertaking. **STANDING** (left to right): Charles Sonntag, local chairman of the Anti-Defamation League; Raymond Stein and David Demel, vice president and president of Warren Lodge B'nai B'rith. **SEATED** (left to right) Mrs. Feldman, Mrs. A. Shulman, Mr. and Mrs. Bloom. Mr. Bloom presented the address of the evening.

deal, Montgomery Ward & Co.; Frank Seceniquia, Pennsylvania Electric Co.; Ben Malec, C. Beckley; H. D. Baker, Montgomery Ward & Co.; Charles Anderson, Sears, Roebuck & Co.; F. E. Kieshauer, Turner Radio Shop; and P. E. Kay of Youngsville.

**K OF C COUNCIL HONORS PAST LEADERS AND CHARTER MEMBER.** The golden anniversary of the founding of the Warren Council Knights of Columbus was recognized Saturday night at the annual dinner honoring Past Grand Knights. Joseph Grotzinger, only living charter member of the Warren Council, was the recipient of a fifty year membership emblem and the Council received an enlarged picture of Mr. Grotzinger

which was presented by his son, Howard.

Seventy-six were in attendance to enjoy the program which was arranged by Benjamin Scalise and introduced by toastmaster Al Chiaramonte, deputy grand knight. The Catholic Daughters of America choir, under the direction of Mrs. Rose Chiaramonte and Mrs. Marie McGary, was a featured attraction. The fried chicken dinner was prepared and served by the lady

knights under the chairmanship of Mrs. John Schmatz. John Salamon, grand knight, presented tokens to the past grand knights in recognition of the fiftieth anniversary.

In the picture are: (left to right) Robert Haben, Bernard Flohr, N. J. Mangus, George Cunningham, Dr. J. T. Valone, John Salamon, Joseph Grotzinger, Al Chiaramonte, Sam Gerardi, and John Schmatz.

**TELLING THE SECRETS.** Prothonotary Ralph Sires took time out from his regular duties to conduct a tour of his office in the Warren County court house for a class from Beaty junior high school. Records were examined

and numerous questions were answered. Probably the young people now have a greater knowledge of the public official's duties than most of the voters. By the way, what does the Prothonotary do?

## RADIO AND TELEVISION

By John Crosby

### Travel Broadens The Actors

#### NEW ORLEANS

I have no very clear idea why I came all the way to New Orleans to see the Comedy Hour which I could have seen just as distinctly in New York. But then, I don't know what the Comedy Hour is doing down here either.

That is the big craze in television at the moment, going on

location. You leave the big beautifully-equipped studios in New York or Hollywood and go someplace where they haven't any lights or any cameras or any know-how. This is what is known as doing it the hard way. Somebody over at NBC has got a bad case of wanderlust. So he dispatches Arlene Francis to San Francisco or Steve Allen to Miami or Gordon MacRae down here. It's a shame they haven't got a cable across the Pacific or sure as you're alive they'd have Dave Garroway in Tokyo.

\*\*\*

This is a mad, gay, infectiously warm and wonderful city, especially at Mardi Gras time, but I'm not at all sure they couldn't reproduce the madness, gayety and warmth just as well from Radio City and maybe a little bit better. The New Orleans Comedy Hour was plagued, as was the one from Miami, by uncertain lighting and treacherous camera conditions. The Old Absinthe House from which part of the show came and the Court of Two Sisters where the rest of it came from were never designed as television studios, and their builders would have been greatly astonished if they had looked in the other night.

These two ancient and colorful citadels of fun and drink were festooned with cameras and cables and monitors and Bill Morrow who is mildly decorative in his own odd way. New Orleans at Mardi Gras time is just one great big traffic jam under the best of conditions, and then to dispatch, on top of everything else, a great big show like this one is a lovely way to compound the confusion.

The French Quarter's old and very narrow streets were clogged not only with the usual merry-makers and cars but also with mobile television trucks and actors. As a matter of fact, one truck blocked off the street so the bakery couldn't get through and Owen Brennan's Vieux Carre ran out of French bread, an unthinkable thing.

\*\*\*

Ah, well, as someone remarked, it's nice that NBC recognizes there are more than two cities in America. And all this travel is very broadening for the actors. If Gordon MacRae ever loses his voice, he can always get a job as a travel editor. By the end of this year, he'll have been everywhere. As TV shows go, the Comedy Hour was no great shakes. This is

the city where the blues came from, and this fact was properly and appropriately celebrated by Mr. MacRae, Louis Armstrong and Peggy Lee, including such old favorites as "Way Down Yonder in New Orleans," "I've Got a Right to Sing The Blues," "Basin Street Blues" and "The Birth of The Blues." If you like Dixieland jazz -- and I do -- you probably had a fine time, though maybe wondering a little why the folks came such a long way to do it.

There were quite a few shots of the crowds in the French Quarter -- if you enjoy watching people waving. And there was one shot of the King of something or other going somewhere on his float, a sight you can see at almost any hour of the day or night around here. But the wonderfully impish and weird

costumes and the general air of mania which infect the town are pretty hard to capture on a small black and white screen. What the Mardi Gras calls for is Cinemascope and full color, or better yet, just come down and look at it yourself.

\*\*\*

Travel, I always say, is some-

thing that ought to be personally experienced, not done vicariously via television. However, I don't expect NBC to pay attention to this bit of advice. On March 6, the Comedy Hour will come from the superliner United States and the week after that from Hollywood. That Gordon MacRae, he does get around.

## In Brief

**How Small High Schools** may be maintained and payments to joint boards continued were explained in detail by County Superintendent John Mallery, Jr. to school directors from Sheffield, Cherry Grove, Triumph, Deerfield, Limestone, Southwest townships and Tidioute borough. The meeting was held Thursday, February 17, in the small courtroom of the Warren County court house and the superintendent advised that educational services must be improved and suggested that joining in an administrative unit would be the answer.

Great emphasis was placed on the statement that all local schools would be maintained if the jointure becomes a reality. By combining efforts, however, special services such as certificated guidance personnel, art and music supervision, and driver education courses could be inaugurated. Only through supplying these special services may the boards adhere to the state requirements.

**Twenty-Five Skywatchers** were signed up through the effort promoted by the Warren Jaycees on Friday, February 18. The special booths stationed in Metzger-Wright, Warren National Bank, and Warren Bank and Trust were instrumental in exceeding the quota requested by the civil defense authorities. The "Operation Skywatch" committee was composed of Chairman Fred Harman, Herman Hubach, Jerry Huber, Ed Ryberg, and Jack Barr.

**With Registration Deadline** before the May 17 primary election scheduled for March 26, a review of the current period should be of interest to Warren County citizens. The Democratic Party has a net gain of 212 since they have accumulated 127 new registrations, 87 changeovers from the Republican Party, and have lost two to the opposition. The Republicans have recorded a net loss of 34 with their changeovers partially offset with 51 new voters.

**Death Followed** a rapid trip to Buffalo on Sunday by the Lutz-VerMilyea ambulance when Mrs. Julia Allen, twenty-six year old wife of William Allen, of Pittsfield, RD, succumbed in the Buffalo General Hospital 35 minutes after

being admitted. Mrs. Allen, suffering from a brain ailment, was transported from the Warren General Hospital to Buffalo in approximately one and one-half hours utilizing relays of New York State sheriffs' traffic patrol cars as escorts.

**New Business Men** in Warren include George N. Redding, a former employee of Community Consumer Discount Co., and Arnold Whren, of Erie, who was employed by Durico Paper Co. These men have purchased the Anderson-Fosburg stationery store which is located at 225 Liberty st. and was previously owned by Ben Kinnear. Robert L. Fosburg will return to the Wyandotte Chemical Co. and Lester F. Anderson will be associated with Burroughs Adding Machine Co., his former employer.

**Political Hopefuls** are distributing petitions for local and county offices this week in order to have the papers in order and on file with the Warren County Commissioners before March 14. As one hundred signers are required for those seeking county office, it takes a little moving around to fill the legal documents.

**Seventy-five Children** attended the first story hour of the present season in the Warren Public Library on Wednesday, February 16. Although the group was larger than library officials had expected, they still request all who are interested to attend the sessions on Wednesdays at 4 p. m. The pre-school story hour is held at 10:30 on Saturday mornings.

**"Wuthering Heights"** will be the first radio presentation of the Warren Players club and will be broadcast over WNAE on Sunday, March 6, at 2 p. m. The schedule calls for plays, read from scripts, every other Sunday afternoon. Castings are held between 7 and 9 p. m. on Wednesdays in the Warren Public Library.

**Parking In A Driveway** can be dangerous according to an accident that happened at 5:03 p. m., Monday, at the intersection of Pennsylvania ave. and Parker st., Warren. Witnesses stated that Edna A. Soderholm of 1616 Penna. ave. E., was driving through the intersection against the light and was struck by a machine being operated by Marilyn L. Eames, 8 Hammond st., Warren. The Soderholm auto continued approximately 200 feet further across the curb and through the front yards until striking a machine in the driveway at 1308 Pennsylvania ave., E. Soder-

**SCHOOL SITE?** Some believe the new Warren Area Joint high school should be constructed on a site that would make a major change in this sky line. The flat stretch a little over half way up the mountain on the opposite side of the Conewango Creek has about forty acres. It could provide a very convenient high school building and room for many other features, some of which might be part of the original plant. Others could be added later, possibly through the independent action of various groups.

The site is off of Fifth Ave., above Lookout st., and could have

holm's 1950 Buick sustained \$600 in damages, the Eames machine was damaged \$200 worth, and even the parked car suffered \$50 in bruises.

**Brotherhood Week Reading** which is being featured in the Warren Public Library includes the following editions: "Pictorial History of the Jewish People", "This is America My Country", "Lost Boundaries", "The United States and India and Pakistan", "The Social Psychology of Prejudice", and "Sunday School Fights Prejudice". Education dispels ignorance.

**A Children's Fashion Show** will be the feature of the Newcomers' club meeting next week in the YWCA. The meeting is scheduled for Thursday, March 4, at 6:15 p. m., and will show what the younger set will wear.

**Better Service** will be provided by Penn Auto Aligning since Paul H. Font, 1 Nesmith st., has returned from Rock Island, Ill. Mr. Font attended the Bear Safety Service School for two weeks and received training in wheel alignment and balancing.

**Gamma Chapter of Alpha Gamma Rho** at Pennsylvania State University recently initiated Martin J. Sedlak into membership. Martin is the son of Mr. and Mrs. John Michael Sedlak, RD 1, Spring Creek. His college activities center

several traffic connections with streets leading down to Conewango ave. It would be very close to the most concentrated of Warren's population centers, and only those pupils from the far extremes of Pennsylvania ave. would require bus transport. The average distance per pupil would be about the same as it is now for Warren residents, which would mean a major saving in the future, while providing a site with no limit to potential expansion, parking, and recreational facilities, such as a stadium, swimming pool, and major play area.

around the Future Farmers of America.

**"Exercise Hall Storm"**, a maneuver testing combat efficiency in winter conditions, is being experienced by Cpl. Carl A. Falvo, 21, son of Mr. and Mrs. James Falvo, 8 Hill st., Warren. Cpl. Falvo entered the Army in May 1953 and is an aidman with the 8th Infantry Division's Medical Battalion at Fort Carson, Colo.

**A Recent Graduate** from the Army's Quartermaster School at Fort Lee, Va., is Pvt. Angelo P. Rizzardi, 19, son of Mr. and Mrs. Victor Rizzardi, 905 Stone Hill rd., Warren. Pvt. Rizzardi is a 1954 graduate of Warren high school.

**Warren Doctors** John C. Urbaitis, LeRoy E. Chapman, William M. Cashman, Arthur J. O'Connor, and Raymond E. Lowe will attend the Secretaries and Editors Conference of the Medical Society of the State of Pennsylvania in the Penn-Harris hotel, Harrisburg, on March 3 and 4. The doctors will discuss better ways for more people to protect themselves against the economic shock of serious illness and injury through voluntary health insurance.

**Suits, Dresses, Coats, and Cottons** from the Miller Shop were modeled before the Jaycee Auxiliary at its most recent meeting. The spring fashions were displayed by Mrs. George Hoden, Mrs. Fred Beyer, Mrs. Edward Betts, Mrs. Bernard Bloom, Mrs. Theodore Prodromou, Mrs. Donald Owens, Mrs. Hugh Mohny, Mrs. Robert Johnson, Mrs. William Hesch, Mrs. Joseph Helfrich, Mrs. John Hickey, Jr., and Mrs. N. K. Wendelboe, Jr.

**An Indeterminate Term** in Elmira Reformatory not to exceed five years was pronounced against Theodore Dunn, 21, of Clarendon, by Judge Robert N. Palmer in Chautauqua County court held in Mayville, N. Y. Dunn's plea of "just one more chance" received a reply of "I'm sorry" from the judge who then proceeded to read the defendant's long delinquency record which included a dishonorable discharge from the U. S. armed forces. Dunn was sentenced on a charge of second degree forgery

## BOWLING

THIS

WEEK

### Masculine Action

The men's best score of the week was Chuck Zuerl's 241 and 619 in the Industrial league. Mark Gelotte had 238 and 610, and Mike Bleech fired 610 in the City league. Paul Coppola had 605 in the National K of C, and Ed Nugent hit 235 and 605 in the Merchants league.

Probably the biggest news of the night for the Industrial league was that Jack Allen got stuck for a frame. But it was Andy Randinelli who rolled 598 to pace the scoring. Harold Kiser led the Shop league with 591.

Bob Halle topped the Junior Industrial with 584, Bill Gnage hit 565 in the Ex-Servicemen's, George Coveney had 553 in the Sylvania, and John Zolko rolled 536 in the American K of C.

### Between Us Girls

Rita Milley shows no sign of slackening the pace as the leagues go into their final rounds. This week she led the City league with 211 and 555. Probably the only reason she isn't listed in the Major league is that she took a night off. Other City loop leaders were Rose Juliano, 516, Vi Sterling, 503, and Jeannette Harvey, 502.

Addie Okruh led the Major with 200 and 516, followed by Vi Sterling, 515, Rose Hand, 504, and Rose Driscoll, 500. Elaine Finley led Peg's league with 481, Gert Miller topped the Class C with 437, and Eleanor Nelson led the Minor with 436.

In Mixed action Busty Pintagro led Tuesday with 531 and his wife, Jean, had 376. Bob Jackson led the Friday group with 533 and Stella Wilson had 470.

### TOURNAMENT CORRECTIONS

The sport page went to press just enough minutes earlier to miss a pair of bowling tournament facts. The Women's Bowling Association dates have been set for March 19 and 20. And the singles tournament for men at the Penn will have a first prize for the champion, with all other prizes going to handicap leaders. More about both next week.

TO SING IN ALL-STATE CHORUS. Miss Beverly Mathis, daughter of Mr. and Mrs. Paul Mathis, 215 Madison ave., Warren, has been selected to second alto position in the Pennsylvania All-state Chorus as the representative of Warren high school. The All-state Concert will be presented at Minersville high school this year.

Miss Mathis, a member of this year's graduating class, is a member of the a cappella choir, an accomplished pianist, plays the flute in the Dragon band, member of the junior Philomel club, and directs the junior choir at the First Evangelical United Brethren church.

## The 1956 Presidential Race Picture

By Thomas L. Stokes

WASHINGTON. -- Choice of San Francisco for the 1956 Republican National Convention is interpreted here as the surest sign so far -- and for a variety of reasons -- that renomination of the victorious 1952 Eisenhower-Nixon team is in the cards.

Similarly, selection of Chicago by the Democrats for their 1956 convention has been regarded as favorable to the renomination of Adlai Stevenson because Illinois is the home state of the 1952 Democratic candidate and he was its governor when snatched up to run for President two years ago.

However, this deduction about Mr. Stevenson is coming to be looked upon as not necessarily so by some observers of politics, particularly those who see President Eisenhower as a most formidable candidate, in fact believe he would be almost a sure winner if he runs for a second term. In short, to them the story is that the more certain becomes the Eisenhower renomination, the less certain becomes that of his 1952 Democratic rival.

In the last few weeks some of Adlai Stevenson's friends have themselves become uncertain that he would seek renomination.

When he finally acquiesced to the "draft" movement at Chicago in 1952, he was fully aware of the almost insuperable task he was accepting in running as the candidate of a party that had been 20 years in power and was wearing out its welcome -- and against a war hero whose popularity obviously was almost literally without bounds. Looking back on it now, the Stevenson performance was in many ways remarkable.

Should he run again against the same candidate, he would face a psychological hazard. Twice before in our Presidential politics there have been disillusioning experiences for "repeaters," one in each party. Namely, William Jennings Bryan who was thrice defeated as a Democratic Presidential candidate, and former governor Thomas E. Dewey of New York, twice defeated, being the only defeated Republican candidate ever to be renominated.

It can be said that Adlai Stevenson is the outstanding figure in his party available for the 1956 nomination, as it is being said every day. From that it can be argued that he is, therefore, the logical candidate.

That might seem reasonable to most everybody, and still not seem so to Adlai Stevenson who can accurately be said to have given his "all" once in an uneven encounter. It is hardly likely that he has made any hard and fast decision one way or the other. It is too early. Circumstances might develop in these times of swift change that would open the way for him as the best possible candidate in 1956. The Administration might lose favor with our people, or the President might become unavailable for one reason or another.

If neither happens, and if the President seems sure of renomination, and if Adlai Stevenson demurs, the responsible leaders at the Democratic convention -- which will come ahead of the Republican this time -- may decide 1956 is not

a Democratic year and the best thing would be to put up a "token" candidate in an obvious gamble. They would save their real try -- and maybe Adlai Stevenson -- for four years later when it would be impossible for Mr. Eisenhower to run again because of the Constitutional two-term limitation. That was what happened in 1936 with Republicans. The leaders felt it was impossible to defeat Franklin D. Roosevelt for a second term. So they made a gesture to the farm West which had been demanding recognition by nominating Governor Alfred M. Landon of Kansas who, you may recall, carried only two states, Maine and Vermont.

Aside from Adlai Stevenson, there are two men prominently included in the 1956 Democratic Presidential lists at this time -- one because of his position and the powerful state in which he holds it, Governor Averell Harriman of New York; the other because he ran strong in the 1952 primaries, led in the 1952 Chicago convention

until the Stevenson "draft" hit the hall like a cyclone, and because he is known to have the bug still, meaning Senator Estes Kefauver of Tennessee.

Getting back to the Republican situation, the choice of San Francisco, instead of Chicago, for their convention certainly represented an uprising of the Eisenhower forces to shake off the Midwest isolationist, McCarthyite elements for which Chicago has become a sort of symbolic capital. That, of itself, would indicate that the "Ike in '56" group is in control and command and sought a friendly atmosphere to renominate the President and his Vice-President who is a Californian. It is a nice and timely gesture to California, and politically wise, as the state now is in a tie with Pennsylvania for second place, next to New York, in convention delegation strength and electoral votes. It is an appropriate gesture as well to the whole West -- and high time, too.

### Big Wrestling Finish

The Warren high school wrestling team wound it up with six victories and four losses, taking its final match, 27 to 14, over Erie East. This is a remarkable record when it is realized that the Dragons lost three of their first four matches.

A tough schedule lies ahead. This Saturday they go to Grove City for the Section 2 championship. The following Saturday the winners will take on the winners of Section 1 on the Erie East mats. The winners there will be District 10 champs and will go to Clearfield the following Saturday for the regional finals.

There are four regions in the state, and if any Warren boys get past this point it will take them to State College for state honors. Warren has several boys who might get past the sectional and district matches. Bob Olson, Wayne Miller, Don Brian, and Chuck Eaton could make it, and there are others who have developed since they lost early matches.

The winners against East were Wayne Miller, Don Brian, Bob Smith, Connie Hultman, Dave Wilbur, and Chuck Eaton. Eaton, Wilbur, and Hultman won their matches with falls.

In Saturday's opening matches, Bob Olson will meet Jerry Seiple of Girard, Wayne Miller will meet Robin Weigle of Franklin, Mickey Kondak meets Harold Rice, of Grove City, Don Brian wrestles Lloyd Sherbondy, of Girard, Bill Cummings takes on Earl Probst, of Johnsonburg, Carl Greco meets Jim Morehead, of Franklin, Bob Smith wrestles Dick Thompson, of Titusville, Conrad Hultman meets Ronald Demler, of Johnsonburg, Dave Wilbur goes with Maru Metzinger, of Oil City, Chuck Eaton takes Paul Carlson, Oil City, and Larry Cameron meets Dave Sifter of Franklin.

### City League Tie

If we have it figured correctly the Style Shop has moved into a tie with the Rockets for the second half of the Warren Y City basketball league. The Stylists did it themselves by beating the Rockets, 62 to 47, D. Berdine leading them with 22, and Simpson leading the losers with 16.

The Tidioute and Youngsville combination stayed in the race by edging the Dukes, 58 to 56, Spear getting them 21 and Kulka shooting 17 for the Dukes.

The Dukes then collected one from the bruised Observers, 75 to 58. Kulka again leading with 22 and Marsh getting 13 for the defeated.

The Rockets stopped the Tidioute and Youngsville advance by outscoring them, 95 to 75. White got the winners 23 and Schwab made 20 for the TY.

### Lose A Tough One

Warren's high school basketball team lost a heart-breaker to Franklin, Friday, 55 to 51. Warren jumped to a big lead, 17 to 8, the first quarter, held it by a point, 29 to 28, at the half, hung on by two points, 43 to 41, at the end of the third, then lost control of the game Rickerson made 18 and Homan had 16. Homan now is fourth in the Section 2 standings with 164. W. Jenkins, Passilla, and Johnson lead him with 170 each.

The seconds dropped Franklin, 49 to 48, with Lindquist firing 11, and Mohnkern and Bennett getting 10 each.

This week the boys visited Bradford and were tagged by the Owls, 75 to 57. It was Bradford all the way, 33 to 24 at the half, 54 to 35 going into the last quarter, and a close final period with Bradford holding the wide margin. Jeff Homan got 24 points for scoring honors.

\*\*\*

Friday night warren goes to Corry to complete the season. It beat Corry in an earlier game, 62 to 51.

### Quick Ones

**Warren Swimmers Lost** a meet at Erie, 44 to 8. The Prep team also lost, 34 to 21. Hines won the diving for the Preps, and medley teams in both groups took first places. Medley swimmers were Shattuck, Burke, and Madden for the Preps, and Clicquenoi, Main, and McDonald for the Varsity.

**An Olympic Look** will be given Louise Culbertson, Warren girl swimmer, when she performs at a meet soon. Though she may not be ready for the 1956 competition, the national coaches keep an eye on all promising candidates.

**Winter Golf** is going big in the New York City area. As an experiment they opened four courses. So great was the play that starters had to be employed to keep the first tee in order. A reader has provided us with a New York tabloid containing two pages of pictures to prove the story.

That golf story came from Bill Simonsen, who says his driving range west of Warren may be open about April 15.

**The Volleyball Waltz** is currently showing at the Warren Y, where the Y's Guys have built their record to 18 victories and only 3 losses. The Champs (dreamers) are next best and have won only 8.

**The Cage Crown** of the Warren Junior Hi-Y league may be won Saturday by the Lind team if it takes the Albaugh five. It beat Branch, 43 to 22, Saturday, with Jack Karkosky getting 20 points.

**The Gra-Y Leader** is Home Street with two victories, Lacy falling victim this week, 26 to 14. Guy Albaugh got them 10. South Street handed Jefferson its first loss, 24 to 8, Ron Sedar pacing it with 11.

### Area Scores

Friday action saw Franklin edge Warren, 55 to 51; Youngsville beat Northern Area, 53 to 40; Sheffield lose to Ridgway, 65 to 61; Tidioute surprise East Forest, 65 to 49; Pleasantville slap down West Forest, 95 to 50.

Meadville rolled over Corry, 85 to 22; Oil City had trouble beating Titusville, 51 to 48; Jamestown beat Southwestern, 57 to 48; Bradford lost to Clearfield, 78 to 66.

Strong Vincent got by Prep, 79 to 67; Academy spanked East, 65 to 30; Tech took Harborecreek, 62 to 57.

Johnsonburg was defeated by Kane, 60 to 48, suggesting that the Johnnies may not go far as representatives of the Allegheny Mountain league which they have sewed up.

Other play-off signs in the area indicate that Meadville may not have too easy a time getting by the Section Three champ, name unknown, and succeeding there, should have a very close one with Erie Strong Vincent. We doubt if the winner of District Ten this year will go far if teams of the Farrell and New Castle variety are met very early on the road south.

Tuesday night Bradford beat Warren, 75 to 57; Sheffield defeated Youngsville for the second time, 71 to 60; Meadville had difficulty with Erie Tech, winning, 79 to 75 (looks bad for the Bulldogs when they play Vincent...and if they play Vincent).

Kane took Ridgway, 65 to 40; Titusville swamped Millcreek, 64 to 41; Tidioute edged Spartansburg, 37 to 36; Rocky Grove defeated Oil City, 55 to 52; Cranberry got by Franklin, 73 to 66; Mercer defeated Sharpville, 65 to 55.

Farrel continued to roll, 68 to 50, over Sharon; Butler beat Vandergrift, 72 to 48; New Castle had 68 to Ellwood City's 61; Johnsonburg floored Wilcox, 101 to 73.

### THE KEGLERS

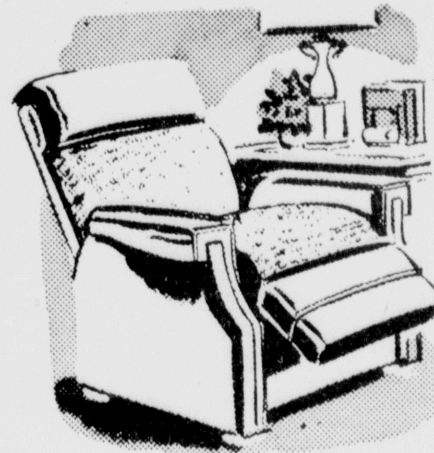

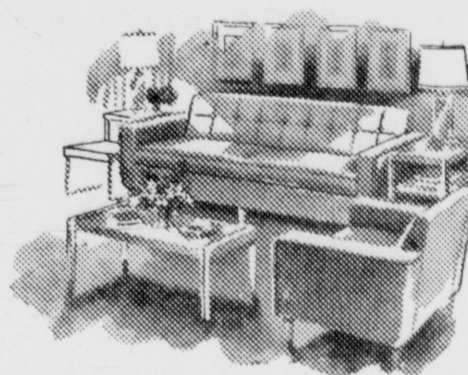

Tournament time is here. The annual men's singles championship will be held at the Penn alleys, March 6. The bowlers will go eight games across the four alleys, starting at 2:30. Dave Fink is the defending champion. Besides the scratch championship there will be the handicap champion, and runners-up to both, down several places.

The Warren Bowling Association also has picked dates for its annual tournament, March 19 through April 19, with the deadline for entries set for March 10. It will be held at the Bowladrome.

The lady bowlers take off for the state tournament at Altoona, March 11 and 12. And many women bowlers also are planning to take part in the Frewsburg doubles and singles, which last from March 27 to April 24. This is a three-quarter handicap based on 170, with a 35 limit.

The annual tournament of the Women's bowling Association will be held on the Penn lanes, but the dates have not been determined.

### Drama TV Radio Music Reading Hobbies

## Look ..... No Flash

Those who have their fun, or a big share of it, with the help of cameras and accessories are being bombarded these days with talk about fast film which does not require flash bulbs. The Eastman variety is known as Tri-X, which supposedly tells you that it is much faster than the old dependable, Super Double X.

Most people who take pictures do not get involved in the technical side of the hobby. They buy a camera, load up with film and bulbs, and go to it. Even those who buy more than the five or ten dollar camera are apt to be far from experts and do not glibly roll off the ratings and similar facts about the film and equipment they are using.

It must be a little confusing to this majority when it is suggested that good pictures can be taken without flash. Many may be misled into attempting such a process, much to their disappointment if the pictures they seek are ones they really want.

There really isn't anything very new about this fast film. The new aspect is that they now are calling it Tri-X and it can be purchased in some forms for general use. It really is the same as Royal Pan, which we have been using in news cameras for many months.

We would not advise anyone to use this film in an inexpensive camera, unless they are going to take indoor pictures. And then they should use flash bulbs. In fact if their camera is one of the ten dollar variety, or less, even the flash pictures might be over exposed. Even Double X is too fast for these cameras outdoors.

The Tri-X is fine for those with lenses that have an opening of at least 4.5. But even then, unless it is a very good lense, and unless the available light is exceptionally bright, you are wasting time and film if you are shooting indoors without a flash.

However, with a 4.5 lense and a tripod you can obtain some very exceptional indoor pictures with the available light if the subjects are still. By cutting down to a tenth or fifth of a second you can take amazing pictures of groups or individuals who are posed for a still shot.

If there is action involved and if there is no better light than you find in the average gymnasium you will need a 2 lense and some smart panning on your part. Much action can be shot if you pick the second when the action is at a slow pace such as a basketball player at the top of his jump as he hangs there for a fraction before gravity takes over.

Because of the wide interest in photography we probably should include in our captions the manner in which our pictures are taken. But to constantly say that this picture was taken without flash seems to border on the boastful though we have nothing about which to boast. We didn't make the camera or the film.

Recent pictures shot without flash which you can check if you have back copies of the Observer include the page of wrestling, those of the Warren borough council meeting, all our Warren basketball shots, the cherry pie winners, the

picture of our new press running at 20,000 impressions an hour, and many others. But the camera used didn't come off the bargain counter and we are not suggesting that you can hope to do the same with an ordinary product.

Tri-X is not over-rated. It is a very fast film and if you have a good camera it will get you sharper results than you ever have enjoyed, if you do not expect too much, if you adjust to its speed, and if you do not expect to do everything without flash that you have been doing with its help.

Even in news work with the best of equipment we find many situations where the flash bulb still produces the best result, and we use Royal pan with the artificial light. Generally speaking, flash still does the better job, but there are pictures which are best done without the bulbs. If there is enough light to do the job and if you want an overall picture, including the background, Tri-X without flash is your film.

It also is economical to operate a camera without flash bulbs, and we who must fire them in large quantities may sacrifice a shade of quality now and then for commercially economic reasons. In the same situation, if we were attempting to turn out a gem in photography we might use a bulb. In fact, might use several from various angles. But news pictures in general do not justify this much care and expense.

If you enjoy this down to earth type of discussion of picture taking, we will be glad to do more. And if you have any questions we can answer, write us a letter. It may be the same question bothering others. Our answer could serve many.

## Not The First

Memories are short some times. We noted a paragraph on these pages two weeks ago to the effect that the Warren Players were going to present radio plays. It was called a new venture for the Players.

The fact is that the Players presented a series of radio plays even before there was a radio station in Warren. About nine years ago, we believe, and a real experience for most of the participants to whom broadcasting was a novelty. The programs were heard over WJTN.

## Bring Him Back

Back to Chautauqua next summer for a recital on August 27 will come William Warfield, leading American baritone. The popular radio and television singer scored a big success at Chautauqua in 1953.

## EVERY DAY IS LADIES DAY!

With the rapid increase in the number of our feminine customers, it seems like every day is ladies day at this bank. We appreciate their patronage, and they seem to like to do their banking here—whether in connection with a checking account, a savings account, or some other facility. . . . All ladies of the community are invited to do their banking with us.

**WELCOME VISITORS.** Cub Scouts of Den 7, Pack 2, sponsored by Jefferson school, visited the office of the Warren Observer on Tuesday. They were fascinated by all the machinery but this typesetter particularly caught their eyes. Editor Walsh and operator Bud Burlingame kept the den spellbound as they explained just how the machine works.

The boys are: Timmy Moore, John Davidson, Gary Swanson, David Lundahl, Charles Bigelow, and Roger Paucek. Another member of the den, Bob Colter, was absent. Mrs. Willis Lundahl is the Den Mother.

**DIRECTORS MAP ACTION.** The meeting of the Warren County Motor club which was held in the Blue and White restaurant, Wednesday, February 16, resulted in action to help eliminate future accidents on the overhead near the Youngville borough line. The consensus of opinion favored a heavier railing and the Warren County representatives to the state legislature, Allen Gibson and Dr. L. E. Chapman, were reported to have agreed to present the problem to the Public Utilities Commission.

At the meeting, which honored Mrs. Mary Mac Corah for her twenty-five years of faithful service to the organization, were (left to right): SEATED: Assemblyman Allen M. Gibson, Senator L. E. Chapman, Mrs. Corah, H. D. Harris, and Homer Bowersox, treasurer of Warren county.

**STANDING:** Clifford Johnson, William Crossett, R. L. Blodgett, Homer Mohr, G. M. Ostergard, Clarence Akeley; Dr. Quay McCune, James A. Blomquist, Nels

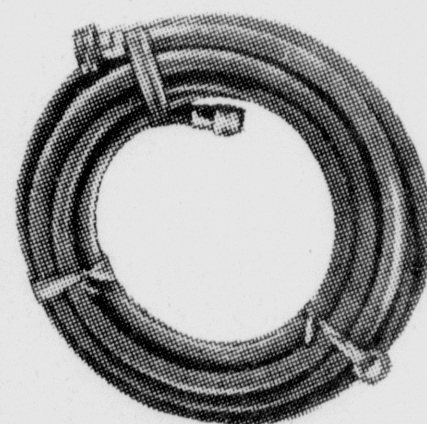

Anderson, Don Schuler, Douglas Kropf, George Seavy, William Lester, Ed C. Lowrey, Karl Grettenberger, Bill Walker, and Dick Morrison.

**THE WARREN COUNTY COMMITTEE** of the Agricultural Stabilization and Conservation organization meets weekly on Tuesdays in the court house annex to make plans which eventually effect most of the area farmers. Photographed during this week's meeting are (left to right) N. E. Dodd, chairman, Mrs. Gladys Meleen, office

manager, Carl Peterson, and Clarence Rhinehart, vice chairman.

The organization is very democratic as the farmers cast ballots to elect their representatives who in turn select the county committee. Farmers are urged to examine the benefits which may be derived from adhering to the policies outlined by this group.

LOOK MA! NO HANDS! A group of young people discovered a player piano in the Pittsfield Community center recently and did the expected - gathered around the instrument and sang the old favorites. After a couple choruses, however, they became aware that what they saved in arm movements they more than made up in leg power. Gone are the days when the player piano was an accustomed piece of furniture in many homes and many children of today have never experienced the mysticism of the keys being pressed by unseen hands. It is still a thrill for the untutored to pump out the tunes of the old maestros.

FEBRUARY THAW. One minute the river was clear of ice and the next it was filled with cakes of various sizes and dimensions. The soaring temperatures, Tuesday, loosed the patches up river and painted this picture of icebergs floating in a steaming, foaming waterway.

## ASIDES

### New Address

If you are writing to a friend at Pennsylvania State University you no longer address it to Penn State. It now has a post office station on the campus, called University Park, Pa. We publish this for your convenience and not your approval. A rose is still a rose.....

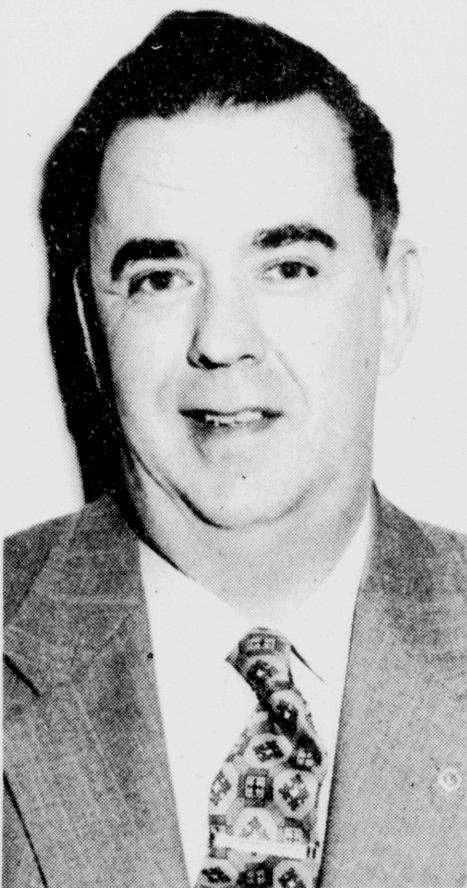

### Another Candidate

Bill Simonsen, lifelong resident of Warren, has added his name to the growing lists of candidates for nomination in the coming primary election. He is seeking Republican nomination for the county treasurer office, a post he held for one term, 144 to 1948. He is opposing Robert Ritchie.

### A Grand Piano

To make possible the best of music for such projects as the Jaycee concert series, the Warren Philomel Club has voted to purchase a grand piano as a gift to the community for concert use. The opening of the Beaty auditorium makes available a room for storage. A charge for tuning will be levied for its use except in the case of special school concerts.

A five member board will be responsible for the instrument's maintenance and rental. It will not be moved from Beaty without this committee's consent. A bequest from a former member has started the fund and others will be encouraged to contribute, both in memory of friends and because of a wish to provide the community with the best in music.

### CANDIDATE FOR SHERIFF.

Robert E. Cramer, owner and operator of the Shady Lawn tourist court of Starbrick, announced this week that he will seek the Democratic nomination for Sheriff of Warren County. Mr. Cramer, a resident of the county since his birth on February 2, 1913, is a member of the Warren Lodge of Elks and Warren Lions Club.

DELEGATE. Miss Ursula Johnson, Girl Scout executive of the Warren-Forest Council, left Wednesday, February 23, for Atlantic City where she is a delegate to the American Camping Association. Nearly five hundred from Section II, Middle Atlantic States, are expected to take advantage of this on-the-spot training. Since the weather is hardly suitable for vacationing, it is expected that Miss Johnson's excursion will be more for business than bathing at the fabulous resorts.

## Parade Of Liars

By Doris Fleenon

WASHINGTON -- The sudden turn in the case of the government against Edward Lamb, in which it was sought to terminate his broadcast licenses on the basis of loyalty charges, finds the government itself on trial.

Federal Communications Commission lawyers began the case by producing witnesses to testify to Lamb's affiliations with Communism. Now the lawyers have all but forgotten Lamb while they struggle to get out from under the attacks of these same witnesses who admit lying and claim that FCC officials coerced them into it.

The new members of the Ananias club of informers in loyalty and security cases are Mrs. Marie Natvig of Miami Beach, Fla., and Lowell Watson, a Kansas dairy farmer now serving as a consultant on Communism for the Justice Department. With Harvey Matusow, an expert witness in 25 cases for the government, they have raised a much more important question than their own fate.

It is the question of responsibility for using witnesses of this caliber. Perhaps no one in government encouraged the liars to lie, as the liars charge, but they were certainly encouraged to testify.

The Senate Government Operations Committee, of which Senator McClellan is now chairman, will begin its study of the situation by calling the Ananias club. After their stories are on the record, the officials who employed them will get a chance to explain.

The Lamb case affords a particularly clear and incisive record for the Senators to study. Actually it amounts to the first public look behind the usual curtain of secrecy in loyalty and security affairs.

The hearings, presided over by an FCC examiner, have been open and Lamb has been allowed to confront his accusers. There has been no fanfare and no TV, but the press could get into the small room and repeat what went on there.

Even before the government found itself on the defensive, the feebleness of its case had stimulated all the old doubts about the secrecy and anonymity of the present system.

That Lamb got his day in court is sufficiently remarkable. He got it because the Senate ordered it. The Senate ordered it because Lamb, who is rich and powerful, had rich and powerful friends, among them a former Senator, J. Howard McGrath, now vice president of the Lamb enterprises. McGrath is liked and trusted by his former colleagues.

The economic stakes in the case are very large, since they amount to ownership of the prosperous broadcast interests which made Lamb's fortune. By refusing Lamb licenses, the FCC could put him out of his business and make it possible for others to come into it.

The Senate Interstate and Foreign Commerce Committee is expected to ask members of the commission some searching questions about the origins of the Lamb charges. The committee has heard reports that one of the witnesses now appearing were named in the original report to the FCC on Lamb.

The Justice Department has not moved against any of its turncoat witnesses so far. Senators recognize the difficulties of convicting such unstable characters, but it does not detract from their interest in the question of why they were given such free rein by responsible officials.

## OUTDOORS

### Own An Old Dog?

Do you have a dog that is one hundred years old? A dog research organization is looking for such animals and would like to meet them face to face. If this isn't possible they will be content with a card answering many questions

which they will provide the owners.

To be a hundred years old in the dog world, your best friend must have seen seventeen years. Seventeen years to a dog are about what one hundred are to a human. Knowledge of how such dogs got that way may help others to live a fuller life.

If you own such a dog or know some one who does, write Gaines Dog Research Center, 250 Park Avenue, New York 17, N. Y., listing the breed, sex, date of birth, present age, and the name and address of the owner. You will receive a questionnaire.

### Fur Care Pays

Those who trap fur with hopes of obtaining a bit of welcome change on the side will do better if they learn how to care for their fur. A well cleaned out and stretched fur will bring prime prices. In fact, a buyer will take one look at your catch, and if the care indicates real skill on your part he may not even bother to sort it. He will give you a prime flat price for all you have.

Robert I. Fox, of Duncannon, made it pay even better than that. He entered five muskrats in the Sears-Roebuck and Co. contest and won a national prize of \$200. The Company had several contest weeks during the season and Fox copped the money on one of the weeks. Nice going for five rats.

### Game Laws Affecting You

Several laws have been dumped into the state legislative hopper which should be checked and double checked by those who enjoy hunting. If you do not approve there are several actions you can take. You can write your assemblyman, who in Warren county is Allen Gibson, of Sheffield. You can write the legislative committees which deal with such laws. In the Senate this is C. Arthur Blass, 802 Palace Hardware Building, Erie, and in the House it is Harris G. Breth, of Clearfield. Or your sports organization can act.

Among the laws now being considered is one making it necessary to have a red marking, at least

144 square inches in area, between the shoulders.

Another would make the state pay six cents per acre on game lands in lieu of taxes. The state now pays two and a half cents.

And it is suggested that we pay fifty per cent of a group hospitalization plan for state employees, the employees paying the other half.

Another would make it necessary for the game commission to pay the costs of a game violation case when the defendant is found not guilty or when he chooses to sit it out in jail.

An effort to protect quail would make bobwhite quail, gambel quail, and valley quail legal game only once every third year, from November 1 to 30.

One proposal would eliminate the special licenses and tags for hunting antlerless deer.

And there is one suggested law that would make it illegal for any person to post land immediately contiguous to state game lands, in such a way as to block entry to those lands.

### Trees Available

Eighteen million stocky tree seedlings will be available for

spring planting, according to District Forester A. H. Vogler, including white and red pine, Norway and white spruce, pitch pine, mugho pine, Virginia pine, hemlock, arbor vitae, black walnut, sugar maple red and European larch.

The trees are sold at the cost of production, \$6 a thousand, and you should order now so as to have them by April. They do not require special cultivation. Just plant them and give them protection from fire. They will grow.

These trees are sold only to plant old fields or weedy areas. They are

not available for hedges, table trees, potted trees, or for ornamental use. Application can be made by sending a card or letter to the District Forester, Warren, Pa.

### Big Game Pictures

Two movies of big game hunting, Safari Saga and Samaki, with the author and participant present to narrate on his experiences, will be seen and heard in Warren's Beaty auditorium, April 1. The Warren Field and Stream Club is the sponsor and tickets already are on sale.

## INCOME TAX FACTS No. 8

## New Savings for Investors, Farmers and Businessmen

(This is one of a series of articles on income tax changes. The articles are based on information provided by the American Institute of Accountants and the (State name\*) Society of Certified Public Accountants.)

Investors, businessmen, and farmers all benefit from some of the thousands of changes affecting the taxes you pay this year. These changes, for the most part, apply to the entire tax year of 1954.

These articles apply to the taxpayer who reports for the calendar year and who keeps his books on a cash basis. Taxpayers who are on the accrual basis or who use a fiscal year not ending on December 31 should pay particular attention to the official instructions and get qualified assistance if needed.

## Taxing of Investments

The chief benefit for investors this year is the reduction of tax on dividends. It allows the stockholder to receive \$50 of dividends tax free and get a credit against his tax equal to 4% of the remaining dividends received after July 31, 1954, subject to certain limitations.

Interest on bonds, except those which are tax exempt, must be reported as income and there is no credit as in the case of dividends.

There is a reduction in the maximum rate on long-term capital gains from 26% to 25%. This means that individual taxpayers during tax years starting after October 1953 need pay no more than 25% tax on net long-term capital gains (after subtracting net short-term capital losses) regardless of their tax bracket for ordinary income.

Capital gains or losses result from most sales of securities or other assets. They are classed as long-term if the asset has been held longer than six months, otherwise short-term. Net short-term capital gains are taxed at the same rate as ordinary income.

If you had capital gains or losses, read the official instructions carefully. A point to remember for future use, however, is that selling an asset at a profit within six months may cost you twice the tax you would pay if you held it more than six months.

## Farmers Have Special Forms

A special form, 1040F, must be used by all farmers reporting on a cash basis and may be used by farmers on accrual basis. Detailed instructions are given on the back of this form.

A major change this year allows a farmer to take a deduction for soil and water conservation expenses up to 25% of his gross income from farming.

## Declarations of Estimated Tax

A farmer whose expected 1955 income would require him to file a declaration of estimated tax can postpone filing the declaration until January 15, 1956. If he files his final 1955 tax return by February 15, 1956, and pays his tax in full, there is no need to file the declaration at all.

Declarations are required of fewer persons this year. You can forget about the declaration entirely if your income is expected to be less than \$5,000 (\$10,000 in the case of a joint return or head of household) and will not include more than \$100 from sources other than wages from which tax is withheld. Otherwise you should check the official instructions to see whether you must file a declaration by April 15 along with your tax return for 1954.

## Business and Professions

Businessmen have long complained that government rules did not allow them to depreciate their assets on a realistic basis, particularly in the early years of the life of a building, a machine or other asset. The new law allows as much as twice the depreciation in the first year compared with the old straight-line rates.

Here are some other important changes:

1. Easier deduction (instead of depreciation) of research and development costs.
2. Option for many partnerships and proprietorships to be taxed as if they were corporations.
3. Less danger that corporations will be penalized for accumulating earnings.
4. Revision of tax accounting rules to harmonize with generally accepted accounting principles.

## Additional Information

Be sure to read the official instructions. You can also get help from the Internal Revenue Service, which urges you to consult only qualified advisers.

(Final article of the series.)

## What About Warren's Future?

Francis A. Pitkin, executive director of the state planning board, opened the eyes of many Warren young men, and possibly placed on the defensive some of the older ones, who attended the Jaycee bosses night banquet, Wednesday.

As head of the state planning board, he was well informed concerning the Warren and neighboring area situation and frankly admitted that the state is alarmed. When a community and its surroundings fail to even maintain a natural population increase, something is wrong. This has happened in Warren.

From 1860 to 1900 the community grew so fast that it doubled in size. Then it slowed down, and now a peek at the facts reveal that we have a smaller percentage than normal of people between 20 and 40, the productive period. Our proportion between 40 and 80 is too high. Our birth rate is lower than average and our death rate is higher.

From 1940 to 1950 we lost one half of one per cent of our population instead of growing. Even the neighboring twps. which often are blamed for stealing our population are not enjoying a normal growth. Conewango twp. has increased 700 in that period and all neighboring twps. have grown only 799, or less than one half the normal growth, which would be about 1300.

This indicates that our young people are not staying here. A study of our high school graduates will prove this. There are 407 communities in Pennsylvania which have community planning in hopes of stemming the backward tide, but most of them are doing an inadequate job. Warren is one of these. Warren's planning commission lacks a clear order from the council. It needs technical help. And it

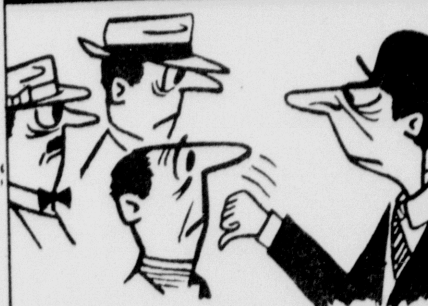

is up to such groups as the Jaycees and the bosses to see that it gets this help.

In short we need that overall plan, which some of us have been begging for too many years, we need a goal and a master plan to achieve it.

Mr. Pitkin said that he and his commission can not decide this. They only can give us the benefit of their study, and any help which we request.

## HEART FACTS VS. HEART FABLES

**FABLE** "Most heart attacks are fatal."

**INCOME TAX FACTS No. 7—  
Medical Expenses and Other Deductions**

*(This is one of a series of articles on income tax changes. The articles are based on information provided by the American Institute of Accountants and the (State name\*) Society of Certified Public Accountants.)*

Taxpayers with heavy medical expenses in 1954 get a big break under the new tax law.

In the first place, certain sick benefits are not even counted as income. This was true before in the case of insured plans, but now applies to benefits from the uninsured employer as well. Here's what you can receive free of tax from your employer or his insurance company:

1. Payment for medical expenses.
2. Payment for permanent injury (not based on time absent from work).
3. Damages for injury or sickness.
4. Payments under Workmen's Compensation acts.
5. Payment up to \$100 a week for loss of wages while you are absent due to injury or sickness, except that the first week's pay is taxable unless you are absent due to an injury or are hospitalized for at least one day.

**Medical and Dental Deductions**

Using the long form and itemizing your deductions you can now deduct more than you could last year. First you add up your expenses for medicine and subtract 1% of your adjusted gross income. Add the remainder to your other medical and dental expenses, including doctor, dentist and hospital bills you have paid, transportation (but not living expenses) for medical treatment away from home, and medical insurance premiums.

From this total you must subtract any benefits received from your medical insurance and, unless you are 65 or over, 3% (instead of the old 5%) of your adjusted gross income. This will give you the amount of your medical and dental deduction. It cannot be any more, however, than the maximum based on your exemptions.

This maximum has been raised to \$2,500 per exemption (except those for old age and blindness) up to \$5,000 for a single person and up to \$10,000 for a head of household or on a joint return.

**Charity Made Easier**

There is still the 20% limit on charitable contributions in general, but you can take a deduction for

an additional 10% of your income contributed to religious organizations, schools and hospitals. Within the 20% limit you can now include gifts to non-profit cemeteries, as well as any "religious, charitable, scientific, literary or educational" organization.

**Taxes and Interest Paid**

In general you can deduct taxes you have paid for yourself or a member of your household, except to the federal government. You can not deduct "hidden" sales taxes (not separately stated to the customer), or fees for hunting licenses, dog licenses, water supply or auto inspection.

Interest paid by you on mortgages and on loans is deductible. Don't forget FHA loans, car loans, collateral loans, personal loans and loans against your life insurance.

There is a new provision this year that may help you if you purchased anything on the installment plan. Formerly you could deduct interest only if it were separately stated. Now you can deduct the amount of any "carrying charges" up to 6% of the average monthly unpaid balance as interest.

**Fire and Storm Damage**

Another type of deduction is the casualty loss. If your home, car, or other property was damaged by fire, storm, flood, lightning, explosion or freezing—or if any of your property was stolen—your loss not covered by insurance is deductible. See the official instructions for the method of calculating your loss.

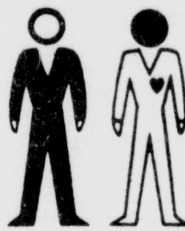

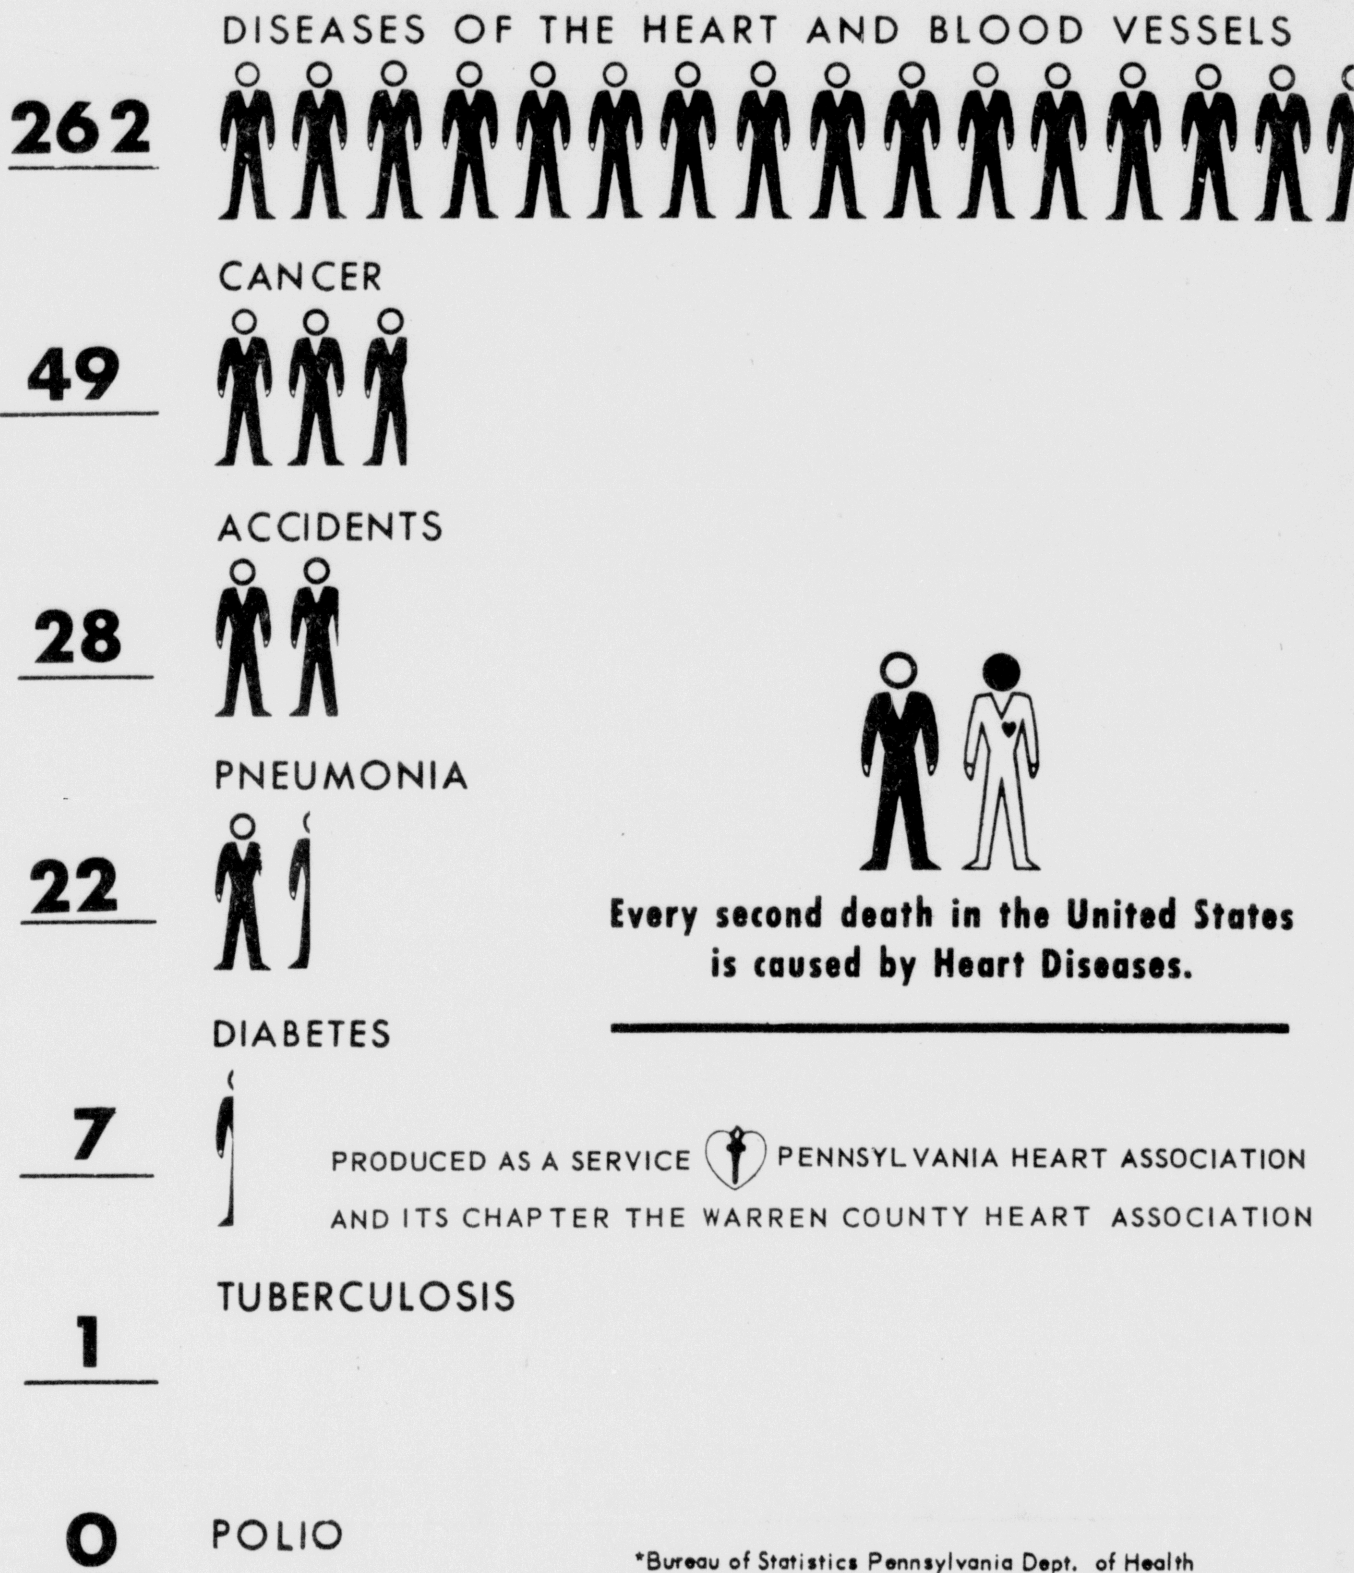

**Additional Information**

Be sure to read the official instructions. You can also get help from the Internal Revenue Service, which urges you to consult only qualified advisers.

### More On Oil

Several times columns in this publication have provided various angles to the oil, gasoline, and gas market as seen from various angles, ranging from major oil company witnesses before congressional committees, to government officials.

A local oil man has offered some comment. He claims that our government's experiments at Rifle, Colorado, are not being lost to the nation through the discontinuance of government work there. The Union Oil Company of California will build a shale pilot plant in that area and private industry will assume the task of developing this natural resource. He says he believes Union Oil has one of the finest research and development organizations to be found among private corporations.

He also points out that the importation of oil is not apt to mean a reduction in price. He claims that major companies have kept the prices up to placate the domestic producers who are vigorously opposed to the extensive use of foreign oil for fear it will displace American production.

He also says our reserves are far from known because he estimates that only one per cent of the

area in this country which has an oil potential has been fully explored.

He apparently shares our feelings about the future of all sources of power. The development of new types of engines and the future of atomic processes remove any qualms we have about the possible shortage of the various kinds of power.

### Ask Lower Electric Rate

We haven't figured this one out, but if we read a release correctly the Penelec is filing for a reduction in electric rates where its power is used to heat water. Of the 340,000 customers, about 19,000 would be affected, if the new rate goes into effect April 1.

Customers using 501 to 750 kilowatt hours for water heating would be billed 1.2 cents for half the power used, and at 2 cents for the rest. It now is 2 cents for the entire amount. The average saving would be about \$7.18 a year.

So, if you use electricity to heat your water, you may save as much as \$1 a month, depending on how many hot baths you take.

### And Lower Insurance Rates

If you are a young lady driver under twenty-five the Farm Bureau Insurance Companies will give you a reduction of 20 to 67 per cent in car insurance. It starts March 1, and is because you are considered more careful than the boys. They also will give lower rates to married couples under

twenty-five. This is because the careful young lady also keeps her husband under control while he is behind the wheel.

The Iowa State College's driving laboratory has come up with the finding that 7,692 test cases reveal women between sixteen and thirty-three are less liable to traffic accidents and violations than men. They have a better attitude toward traffic rules and they don't take as many chances.

But we still want to know about the one who points left while turning right or the one who thinks she can pull out of a parking place into traffic as long as she puts out her hand. Insurance is funny.

### Rice For Your Heart

According to those who want to make rice a major part of our diet and Texas the major producer of rice, this valuable food is good for those who are hypertensive patients and those with certain heart conditions. They are supposed to respond favorably when treatment is supplemented by a rice diet. Four prominent medical journals are so quoted. Why not ask your doctor. Rice can be made tasty in so many ways and perhaps it would help you with a difficult diet. For this Texas should make us a citizen.

### Tastier Milk

If you are one of those who think that nonfat dry milk is a little flat, you may add to the taste quality by storing the mixture in a covered container for several hours or overnight. Or so says Marjorie Wormeck, state nutritionist.

\* \* \*

### Heft That Grapefruit

When buying a grapefruit you may find that a heavy one is filled with juice and thin skinned. Signs of a thick skin are apt to be a pointed stem end, rough, ridged, or wrinkled skin.

\* \* \*

### Feed Those Chickens

What we know about eggs you can find in a frying pan, but the experts say there is an answer to winter slumps in the hen house. Hens that eat well produce much. So if the old girls are goofing off this winter, stuff 'em with victuals, and watch those ovals pop forth.

### Small Kitchen No Worry

Modern electric appliances have eliminated the necessity for extra large kitchens. In fact, given a small lady and a big telephone booth you could come up with a meal.

These electric roasters and casseroles add up to an oven. And grills, waffle irons, and such fit on small places, maybe on top of the range. But heatproof handles are important in these circumstances. Also good heat controls to assure even browning and keep the place from burning down. (To any merchant who sells an appliance as the result of this free lift we gladly will sell space for a display advertisement in next week's issue.)

### Nash Experiments

Car manufacturers who are looking for improvements which will sell cars are being forced to eye the long life batteries which are entering the market. At least one make is providing such a battery if you pay a hundred dollars extra. But Nash dealers in one area are placing Span-O-Life in their new cars and have been surprised at the sales response. It could result in Nash doing the same on the factory production line.

DOZENS OF COUPLES danced and twirled to the strains of Whitmore's orchestra in Ben White's social center, Starbrick, on Friday evening, February 18. Bob Jewell on the drums, Mrs. Whitmore with the violin and Laurel at the piano furnished music for both round and square dancing from 9 p. m. until sometime after midnight. The dance was arranged by representatives of the Starbrick Volunteer Firemen's Association to raise money for a new building.

RESPONDING TO THE RHYTHM at the firemen's dance at Starbrick, were Mr. and Mrs. John Wheeler of Youngsville. Although Jack's appearance was greatly changed by the "new addition" to the upper lip, he could not hide from the cameraman. The dance was held to raise funds for the Starbrick fire department.

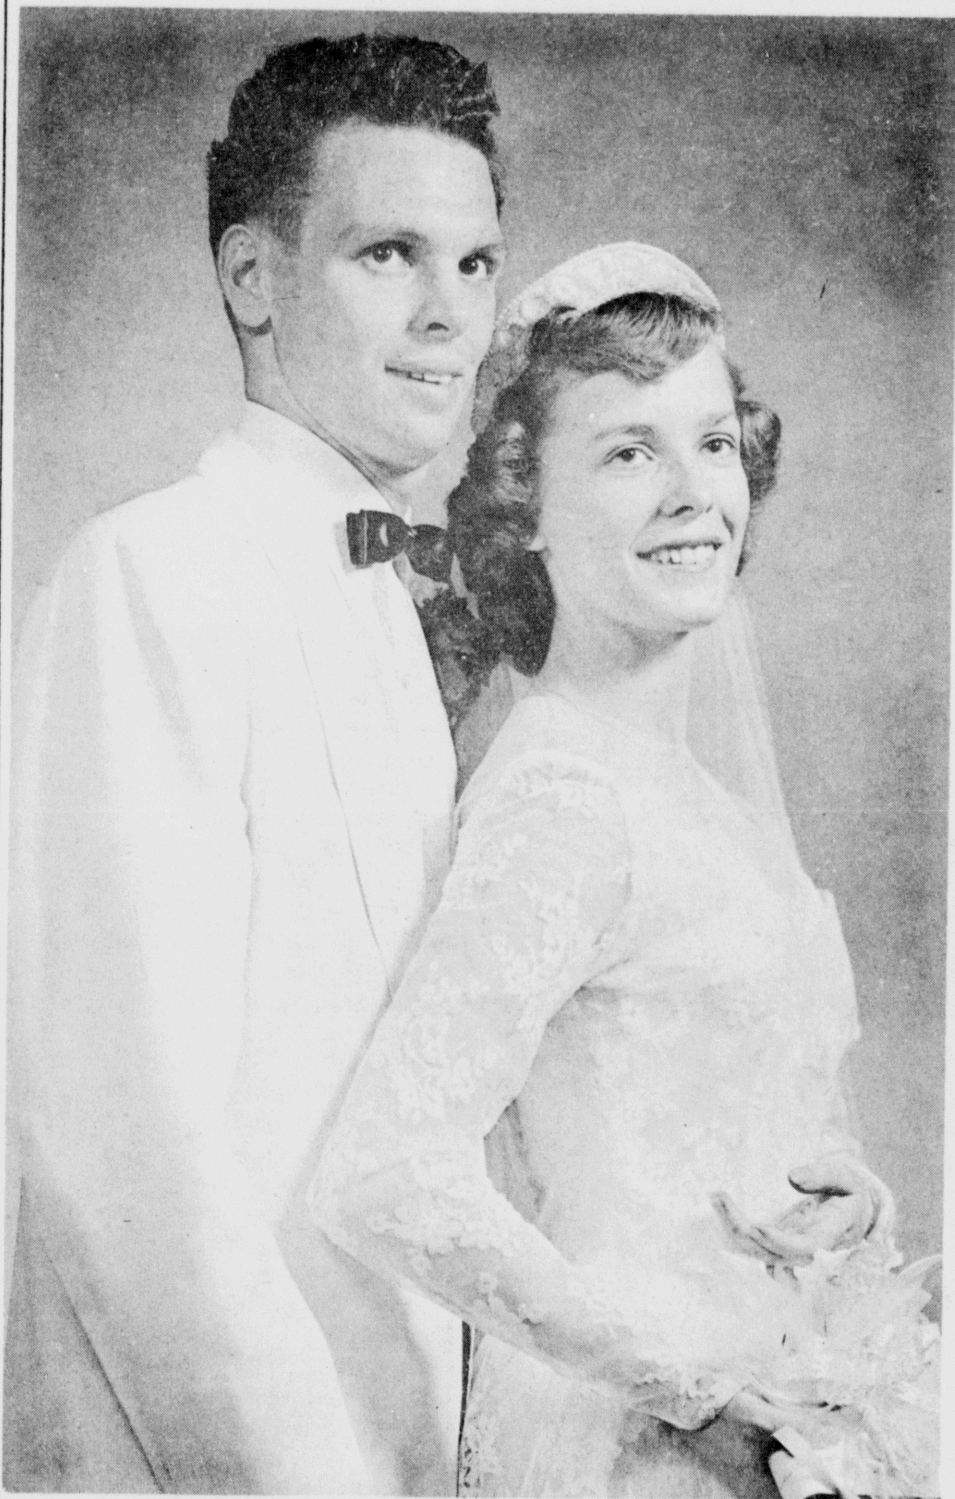

MRS. MINA CLENDENNING, who lives with her daughter and son-in-law, Mr. and Mrs. F. Edward Hagberg, 211 N. Russell st., Warren, celebrated her ninetieth birthday on February 15. Mrs. Clendenning, who was born in Syracuse, N. Y. nearly a century ago, has been the honored guest at many parties given during the past two weeks. Lots of cake and ice cream but the ninety-year-old (who looks no more than sixty) confided that she is not too fond of cake.

MR. AND MRS. NORMAN W. HAIGHT. Miss Johanne Huckabone, daughter of Mr. and Mrs. J. Pearle Huckabone of Warren, RD 3, became the bride of Norman W. Haight, son of Mr. and Mrs. Dallas D. Haight, 416 North Main st., Youngsville, in a double ring ceremony performed in the First Lutheran church, Warren, by the Rev. Frederick B. Haer on Saturday, February 19. The newlyweds will reside at 308 Laurel st., Warren, after returning from a wedding trip to Washington, D. C. (Photo by Kofod)

GOLDEN WEDDING. Mr. and Mrs. W. L. Miller were feted at a dinner party held in their honor in the Pittsfield Community center by relatives and friends on Sunday, February 20. The Millers were united in marriage on February 22, 1905 in Jamestown, N. Y., but have spent most of their married lives in Warren.
